## FAVORABLE REPLY FROM ALL POWERS EXPECTED IN CAPITAL

Nations Invited by President Harding to Disarmament Conference Likely to Accept

MEETING SCOPE BROADENED

To Include Land Armament as Well as Navy and Army, in Effort to Obtain Peace of World

OBSTACLES WILL DISAPPEAR

Many Which Heretofore Have Appeared in Way of Disarmament Expected to be Wiped Out

(By United Press)

Washington, July 11.—This government expects a favorable response from all five nations which received a tentative invitation to a disarmament conference in Washington. The belief was expressed in a highly authoritative quarter today that all the powers invited will send representatives to discuss a cut in the world's army and navy and to settle the questions bearing on the Pacific and Far Eastern problems.

That such an international gathering will secure peace of the world was the statement of an official in emphasizing the importance of the step the administration has taken. It also explained why the proposal for the conference was broadened to include land armament as well as navy and army, why countries other than the United States, Great Britain and Japan were included, and it was intimated that a number of obstacles heretofore appeared in the way of disarmament may be wiped out before the conference actually meets.

The officials also said they were not yet clear as to just how soon the conference can be put under way or how it can be organized.

Following the informal query to the great powers, asking whether they would be willing to enter into such a conference Secretary Hughes was preparing the official invitations in order to be ready to dispatch them upon receipt of word that they are acceptable.

Great Britain and Japan, through public statements of their government leaders have already bound themselves to join in a disarmament conference if the United States should call it.

Public opinion in France and Italy will not allow leaders of these nations to refuse the invitation even if they should regard it unfavorably, it is believed here.

China whose friendliness to this country has been many times emphasized will certainly accept, it is thought. China will participate in far eastern discussions.

One of the fundamental factors

## ARLINGTON PEOPLE SEE SIGHTS FROM AIR

Twenty-one Take Trip in Curtis Airplane Piloted by L. O. Eikenberry of Kokomo Sunday

SHIP AT CARTHAGE TODAY

L. O. Eikenberry of Kokomo, Indiana, pilot of a Curtis airplane, broke all previous records of carrying passengers on pleasure trips yesterday afternoon, when he took twenty-one persons a ride at Arlington. The plane landed on the Ollie Offutt farm west of Arlington. It left this morning for Carthage where it will take those desiring a trip in the air this afternoon.

Those who were passengers yesterday afternoon were Lowell Offutt, Margaret Offutt, George Offutt, Walter Draper, Foster Alexander, Charles McFarridge, of Carthage, Goldie Menden, of Carthage, Frank Lawrence, James Almsman, Mrs. Anna Downey, Tom Bird, Oren Nordloh, Lee Silvers, Miss Lettie Woods, Marie and Ruth Newhouse, Richard Newhouse, Wayne Irvin, Ralph Hufferd, Chester Six and Danzil Vogue.

## REALLY AMOUNTS TO AN ACCEPTANCE

Speech by Premier Lloyd George in House of Commons Virtually Accepts Invitation

WHAT PEACE DEPENDS UPON

Says Friendly Co-operation Between Great Britain and United States is Greatest Factor

(By United Press)

London, July 11.—World peace depends more upon friendly co-operation between the United States and Great Britain than any other single factor, Premier Lloyd George declared in addressing the house of commons this afternoon.

The premier made this assertion during a speech in which he virtually accepted for Great Britain the invitation of President Harding to participate in the disarmament conference.

"The principals of our police power are friendly co-operation with the United States," he said. "I am convinced that upon that more than any other single factor depends the peace of the world."

The premier said that "we also desire to maintain our friendship with Japan. The Anglo-Japan alliance not only is a great benefit to ourselves but to the peace of the Far East," he said. "The alliance remains in force and will lapse only twelve months after it is broken. It is a desire of the British empire and Japan that the agreement shall be brought into complete accord with the league of nations which prevails wherever inconsistency occurs."

Ambassador Harvey was understood to have delivered Harding's invitation personally to Lloyd George at Chequers court, the premier's country home, yesterday afternoon. Premiers of the overseas dominions who were spending the week-end with Lloyd George were present at the conference.

The imperial conference was to be resumed late today and it was understood that discussion of renewal of the Anglo-Japanese alliance would be suspended temporarily pending developments in the disarmament situation. The Harding proposal has inspired tremendous enthusiasm throughout the country, which is reflected in the press.

Under Advisement at Paris

Paris, July 11.—The French government has taken under advisement President Harding's proposal for a disarmament conference, it was learned here this afternoon.

Selon Whitehouse, American charge-de-affaires, called at the foreign office on instructions from Washington to ascertain France's attitude.

The foreign office advised that the reply would be made later. The indications are that France will not make reservations only to the proximity of Germany—if the conference should consider land disarmament.

France will accept Pres. Harding's invitation to participate in a disarmament conference of the principal allied powers it was stated semi-officially here today. In these same quarters Harding's move was referred to as "the greatest step toward disarmament since the war."

Inclusion of France and Italy in the conference, in addition to the original proposed conferees—the United States, Great Britain and Japan—has created an extremely favorable impression throughout government circles.

CONDITION IMPROVES

Mrs. J. M. Depew of North Morgan street who has been seriously ill for two weeks with appendicitis, was reported to be better yesterday.

BABY GIRL IS BORN

A baby girl was born Saturday night to the wife of Harry Felts, 430 North Harrison street. The child has been named Alice Frances.

## CAROLINE BROOKS IS DEAD

Widow of Late Mahlon Brooks Expires at Daughter's Home

Mrs. Caroline Brooks, widow of the late Mahlon Brooks, died Sunday morning about 9:30 o'clock at the home of her daughter north of Richland, death being due to senility and complications. She was 80 years old at the time of her demise.

The deceased was well known in the community where she lived. She had been ill for several weeks. Three daughters survive, who are Mrs. John Senour, at whose home she died, Mrs. Frank Hall of Mays, and Mrs. Thomas Logan living south of this city.

The funeral services will be held Tuesday morning at ten o'clock at the Richland church, and interment will be made in the cemetery at Richland.

## MACHINES COLLIDE AT STREET INTERSECTION

Mrs. Lee Shock of Anderson Suffers Painful Injuries in Accident Sunday at 4:30 P. M.

IS CUT BY BROKEN GLASS

Mrs. Lee Shock of Anderson was painfully injured here yesterday afternoon about 4:30 o'clock when an automobile in which she was riding, collided at the corner of Eleventh and Main streets with a machine being driven by Sam Cohee of Mays. The other car was driven by Mr. Shock.

The Shock machine was going north and the other machine was going west, and the two ran together at the intersection of the two streets. Mrs. Shock was badly cut by glass from the windshield, but none of the gashes was deep or severe. She fainted following the accident and was believed at the time to be seriously injured.

She was carried into the home of Harry McManus nearby and Dr. Will C. Smith dressed her injuries. She was removed to her home in Anderson last night about 9:30.

The Shock machine was badly damaged, both front wheels being crushed. The Cohee machine was not damaged very badly. Mr. and Mrs. Shock were alone and were returning from Ripley county where they had been picking blackberries.

## COUNTY ALLOWED 75 CENTS A POUND

Rush County Will Have to Dig up 666 Pounds of Used Clothing to Meet Near East Quota

SATURDAY IS "BUNDLE DAY"

Rush county will be allowed seventy-five cents a pound on all usable clothing collected this week for the Armenians, on its quota of \$5,220 which was fixed some time ago, according to word received here today from the Indiana headquarters of the Near East Relief campaign in Indianapolis.

This means that Rush county people this week will have to dig up, to be exact, 666 2/3 pounds of clothing which meets the requirements in order to make good on its allotment in the Near East relief drive.

A house-to-house canvass is already being made in some of the townships of the county for used clothing, and Tuesday and Wednesday have been set aside for a similar canvass in Rushville. On Saturday automobiles will go about the city collecting the bundles of clothing which will be promised tomorrow and next day. Persons promising clothing are expected to have it cleaned and in a bundle where it will be convenient to get. Mending is not required.

The chairmen of the townships are asked to have their bundles in Rushville, Saturday, which is known as "Bundle Day" through the state.

## MUNICIPAL POOL SUGGESTED HERE

Place For Swimming in City Park Would be Solution of Problem Raised Every Summer

SUCCESSFUL OTHER PLACES

One in Use at Seymour Since 1915 More Than Pays Its Own Way—Advantages Pointed Out

Each summer agitation is started in Rushville for a swimming pool. Just as many summers it has died down without anything concrete being done. One season some money was spent in building a bath house and diving board along the river near the old country club northeast of the city. But the flood came along and washed all of the improvements away.

The success of municipal pools elsewhere suggests that this is the proper step for Rushville. This idea has been talked by a number of persons this summer because it is pointed out that a pool could be located in the city park without any great expense and the water drained off in Hodges' branch, which will be deepened and broadened this fall.

The advantages of a municipal pool are many, as pointed out in the following from the Seymour Daily Tribune, where a pool has been in use since 1915 and has more than paid its own way:

The municipal swimming pool in Shields park is more popular this season than ever before in its history according to John Vande Waile, who is in charge. The crowds visiting the pool daily this season have almost doubled the attendance at this time a year ago.

The warm weather that has prevailed for several weeks is credited for having caused the swimming pool to become extremely popular this season. During the last two weeks there has hardly been a minute in the day, except when the pool was being cleaned and re-filled, that there has not been a crowd of boys and girls together, with grown-ups enjoying a dip in the cool water. The pool has been engaged for private parties after nine o'clock each evening for several weeks. The pool is let out for private parties from 9 o'clock until 10:30. It is already engaged for several evenings in advance.

The swimming pool has proven to be one of the best investments ever made in the city to afford pleasure for the public in general. The pool was built in 1915 and has become

## SHOW IS ATTACHED TO PAY HOTEL BILL

"Palm Beach Girls" Leave Rushville But Paraphernalia Remains to Satisfy Creditor

OWNER PAID FINE SATURDAY

The trouble of the proprietors of a tent show did not end Saturday afternoon when they paid a fine in Justice Stech's court for exhibiting without a county license, when a suit was filed later in the afternoon in the circuit court in which the outfit was attached and will be held until a hotel bill is paid.

The plaintiff in this suit is Joy C. Allen, of the Windsor hotel and Albert H. Howell is named defendant. Mr. Allen alleges that the troupe known as the "Palm Beach Girls" had rooms at the hotel and also took several meals, which in all totaled \$173.80 and which on Saturday was unpaid.

The court allowed the tent show to be attached until the hotel bill is paid. The Palm Beach Girls left the city for some other place, and another show was scheduled for the tent this week in an effort to get money to pay the debts. The owners of the tent show operates four show troupes and judging from the attendance at the shows, it will be necessary for all four shows to put the show on the move.

## WILL READ HIS MESSAGE

Harding Expected to Appear Before Congress This Week

(By United Press)

Washington, July 11.—President Harding will personally read to congress this week his message urging haste in enacting taxation and tariff legislation, it was learned on high authority today.

The message is expected to call for laying aside of the soldier bonus and the hastening of taxation and tariff legislation for which the present special session was called.

Harding, Senators expect, will ask cooperation for the national good and urge that personal aims be subordinated.

## NEW MAIL SERVICE BECOMES EFFECTIVE

Postoffice Receives Order to Dispatch Pouches For Local Stops at 2:52 P. M.

CONTRARY TO C. I. & W. ORDER

The new mail service was effective today on the C. I. & W. railroad, and since the announcement was made concerning the change, a further change in the order was received by the postoffice in which train Number 30, due here at 2:52, west-bound, will carry the mail and make stops formerly made by train No. 40, which arrived here at 5:20, and which was taken off today.

The order received by the station agent, L. C. Snodgrass, was to the effect that the mail would be carried by train number 32 due here at nine o'clock, and he has not received any word to the contrary.

The express office also received the same word that the agent received, which makes the nine o'clock train express. The train due here at 2:52 is a fast Chicago train and under the postoffice order will make stops at Arlington, Gwynneville and Morristown as well as all towns formerly made by the westbound evening local.

The local postoffice was preparing this afternoon to dispatch the mail on the 2:52 train as the order called for. Packages for these towns should be in the local postoffice by 1:30 to insure transportation on this train.

## FOUR THOUSAND FISH PLANTED IN FLATROCK

Bass and Crappies Received From State Department of Conservation Hatcheries

PUT IN BY LOCAL ASSOCIATION

Flatrock river in the vicinity of Rushville was restocked this morning with 4,000 fish by members of the Rush County Fish, Game and Bird Protective association, and other planting will take place soon when a supply of fish will be sent here by the state.

The fish this morning were brought here in a motor truck from Indianapolis, coming from the state hatcheries of the Department of Conservation. The local shipment consisted of 3,000 bass and 1,000 crappies. This latter species is new for Flatrock and it is of this kind that the state will soon make a big shipment.

The fish this morning were placed in the river from the south end of Harrison street, up to the C. I. & W. railroad bridge.

The Rush county society would like to enroll every sportsman in the county, which would tend to further the workings of the organization. The membership fee of fifty cents is so small that every lover of the sport can afford to belong, it is pointed out. Charles H. Brown at the postoffice will receive applications for membership.

GREEKS LAUNCH OFFENSIVE

Athens, July 11.—The Greek army launched an offensive against the Turkish nationalists in Emyrna this morning, according to official advices received here.

## NEGOTIATIONS TO BEGIN THURSDAY

Eamon De Valera Fixes Date For Peace Conference as Truce in Irish Warfare Begins

VIOLENCE IN BELFAST

Disorder Which Broke Out Saturday Night And Suppressed, Renewed Today—14 Are Killed

(By United Press)

Negotiations for permanent settlement of the centuries old Irish question will begin Thursday.

Premier Lloyd George asked Eamon De Valera to fix the date when he could start the conference in London, and the Irish leader today selected that date.

It was assumed that the slight delay was occasioned by De Valera's hope that in the interim he could reach an agreement with Sir James Craig, premier of Ulster, thereby presenting a united Irish front to the British government.

Rioting and violence continued in the north of Ireland up to the truce agreed upon Friday became effective at noon today.

There were sporadic outbursts of the rioting which began in Belfast on Saturday night and continued unabated until military interference last night.

A military train was derailed and burned between Belfast and Londonderry.

Belfast, July 11.—Violence and disorder continued in the north of Ireland up to the very hour the truce went into effect at noon today. The morning mail train enroute from Belfast to Londonderry was derailed near Carrickmore, in Tyrone. The crew was held up and six cars burned.

The rioting in Belfast which broke out Saturday night and continued until suppressed by the military last night, was renewed this morning. There were sporadic outbursts in various parts of the city which continued until nearly noon. In one melee a bread wagon was burned and its driver beaten.

In addition to the 14 persons killed and 105 injured it was stated that 200 were rendered homeless by fires.

Dublin, July 11.—As the clock of Dublin struck the hour of noon today, the sound of their bells was drowned in the roar of ship sirens

## SIXTY ROTARIANS ARE COMING TUESDAY

Indianapolis Clubmen Will Come in Machines Tomorrow Afternoon For Base Ball Game

KIWANIS TO PLAY RICHMOND

While the Rushville Rotary club base ball team is doing battle with the Indianapolis Rotary club team here Tuesday afternoon, the Rushville Kiwanis club team will be playing the Richmond Kiwanis club at Newcastle, where a joint picnic of Kiwanis clubs will be held.

Many members of the local Kiwanis club are going to Newcastle for the picnic. The Richmond club is reported to have a strong team and the Rushville organization is preparing to step some in order to win.

Definite word was received this morning that sixty Rotarians will be here Tuesday afternoon, leaving Indianapolis at 1:30 in machines, after their regular meeting, for the base ball game. They are expected to arrive here between 3 and 3:30 and the game will be called promptly at 4 o'clock. The visitors will remain for the evening meeting of the Rushville club at the Social club.

Kiwanians expressed regret today that they were going to Newcastle because they had planned to root for the local Rotarians. The picnic was arranged, however, without them being consulted as to dates.

### Indiana Crop Report

Acreages planted to corn and potatoes in Indiana this year are practically the same as those for 1920, but the tobacco acreage has been reduced 35 percent, according to the monthly report of the co-operative crop reporting service, issued today. The hot weather during the month has had a deteriorating effect on all crops and total production shows a decided decline from the June forecast. The report follows:—  
In the northern counties of the state the corn acreage generally shows a slight increase over last year, but in nearly all the southern counties a decrease is shown. This is due principally to getting back to regular rotation of crop acreage on the pre-war basis. The total for the state is 4,545,000 acres and is approximately the same as last year.  
The condition as of July 1, is 93 percent of normal and indicates a total production of 185,981,000 bushels compared with 184,072,000 bushels harvested last year. There is an exceptionally good stand and the plants are of good color with practically all fields free from weeds, but the critical period has arrived. With the exception of a few localities tasseling has begun and rain is seriously needed. Chinch bugs and storms have done some damage since the first of the month.  
Winter wheat threshings have shown the crop not to be as good as indicated earlier in the season. The condition at time of harvest being 70 percent of normal and indicates a total production of 26,648,000 bushels compared with 32,359,000 bushels reported for June 1st and 23,400,000 bushels harvested last year. Wheat remaining on In-

### INDIANAPOLIS HOGS UP 10 TO 25 CENTS

Indianapolis hog prices went up 10 to 25 cents today with receipts lighter. The bulk went at \$10 to \$10.35 with the top at the latter figure. Cattle were strong to 25 cents higher. Grain continued firm.

### CHICAGO GRAIN

Chicago, July 11.—Opening: Wheat: July unchanged; Sept. off 1-2; Corn: July off 7-8; Sept. up 1-2. Oats July up 1-4; Sept up 1-4. Provisions higher.

diana farms from last year's crop amounts to 1,765,000 bushels.

The condition of spring wheat dropped 18 points during the month. A total production of 57,200 bushels is now indicated.

Oats declined 15 points during the month, the condition on July 1, being 73 percent of normal. On this figure a total production of 56,119,000 bushels is indicated compared with 65,175,000 bushels for last month and 76,875,000 bushels harvested last year. The crop headed out on very short straw and in some localities is very weedy and thin. The month was entirely too hot for this crop. Some fields have been cut but none threshed to date.

The condition of barley in Indiana on July 1, was 78 percent of normal from which a total production of 1,749,000 bushels is indicated compared with 1,877,000 bushels last month and 2,025,000 bushels harvested last year.

The condition of rye in Indiana on July 1, was 85 percent of normal and indicates a total production of 4,670,000 bushels compared with 4,822,000 bushels last month and 4,340,000 bushels harvested last year.

The white potato acreage in Indiana remains practically the same as last year, being 80,000 acres. The condition July 1, was 80 percent of normal and indicates a total production of 6,272,000 bushels compared with 7,680,000 harvested last year.

The sweet potato acreage in Indiana is only slightly less than last year, being 3,000 acres. The condition July 1, was 91 percent of normal and indicates a total production of 333,600 bushels compared with 360,000 bushels harvested last year.

The tobacco acreage in the state has been reduced approximately 35 percent and now stands at 13,000 acres compared with 20,000 acres last year. The July condition figure is 76 percent of normal and indicates a total production of 10,670,000 pounds compared with 18,000,000 pounds harvested last year.

The condition of all hay in Indiana on July 1 was 71 percent of normal and indicates a total production of 2,521,000 tons, compared with 2,874,000 tons harvested last year.

The condition of the Indiana apple crop July 1 was 25 percent of normal and indicates a total production of 2,063,000 bushels compared with 6,175,000 bushels harvested last year.

Peaches in Indiana showed a condition on July 1 of only percent of normal, from which a total production of only 49,000 bushels is indicated, compared with 957,000 bushels harvested last year.

Truck crops are not in quite as good condition as a month ago. Hot weather and insects are the principal causes of deterioration, although some diseases have manifested themselves. Melons, however, have kept up fairly well.

The hot weather cut the small fruits materially and the quality was not as good as usual. Sorghum cane shows a slight decrease, but the condition is fairly good.

The ringed boa snake was anciently worshipped by the Mexicans.

### Weekly Marketgram

(U. S. Bureau of Markets)  
Washington, July 9.—(For the week ending July 8)

Grain—Market unsettled and lower the first half of the week and although prices have advanced since the sixth, the close today was slightly under that of a week ago. On the first trade was evening up in character account triple holiday. A big decline took place on the fifth on hedging sales and pressure from local interests. The higher prices the remainder of the week were the result of good export business, damage reports from north-west, disappointing threshing returns and black rust reports. Dry weather continues in Illinois, Indiana and Ohio. In Chicago cash market no 2 red winter wheat \$1.23; no 2 hard \$1.24; no 3 mixed corn 59c; no 3 yellow corn 59c; no. 3 white oats 36c. Chicago July wheat closed at \$1.22 3/4; July corn 61 1/4; Minneapolis July wheat \$1.24 1/2. Chicago September wheat \$1.21 1/2; September corn 61c; Minneapolis September wheat \$1.26; Kansas City September wheat \$1.13. Winnipeg October wheat \$1.42 1/2.

Hay—Light receipts causing price advance in New York and Chicago. Other important markets dull and demand limited. Advices from shipping points indicate continued light receipts. Many quotations only nominal. No. 1 timothy quoted New York \$30. Chicago old \$23, new \$21.50, Atlanta \$27, Memphis \$26, No. 1 alfalfa Memphis \$20, Atlanta 28.

Feed—Very limited demand for wheat feeds; other feedstuffs neglected. Cottonseed meal strong. Linseed meal up \$1 per ton. Fair demand for export cake. Hominy feed weak. Gluten feed steady. All feedstuffs in ample supply. Movement light, receipts fair. Alfalfa meal in poor request and quoted \$1 lower. Inquiry for red dog and flour middlings has dropped off, prices easier. Quoted bran \$13, middlings \$13, Minneapolis, bran \$20.50, middlings \$21 Philadelphia; linseed meal \$29 Minneapolis, \$32.50 Buffalo; 36c cottonseed meal \$31 Memphis, \$30 Atlanta; gluten feed \$27.50 Chicago \$30.71 Philadelphia; white hominy feed \$23 Chicago; no 1 alfalfa meal \$19 Kansas City.

Fruits and Vegetables—Potatoes, receipts have been decreasing in eastern markets and several cities report higher prices ranging \$2.75-4.75 per bbl for eastern shore of Virginia Irish cobbles. Strongest advances recorded in New York where good stock was in demand and up \$1.50 per bbl, closing \$4.50-4.75. Potato production for the United States as forecast July 1 is 376,997,000 bushels; December estimate of last years crop was 430,458,000 bushels.

Texas tomatoes recovered 10-25c in Chicago, closing \$1-1.25 per 4 basket carrier. Tennessee wrapped tomatoes \$4 per six basket carrier in Chicago. California salmon tint cantaloupes declined \$1 per standard crate in consuming markets, closing \$3.4.

Georgia elberta peaches range mostly \$2.3 in eastern markets. Shipments have been increasing. Elbertas \$1.50-1.60 fob cash track. Florida and Georgia Tom Watson watermelons, medium sizes, declined sharply in New York, but recovered to a close of \$350-600 per car. Prices slightly lower at shipping points, closing \$75-225, earloads fob cash track to growers.

Dairy Products—Butter markets very firm with price tendency upward. Supplies light, especially of fancy grades, which are becoming scarcer as hot weather has become more general. Consumptive demand so far has been good. Closing prices 92 score; New York 38 1/2; Chicago 37c; Philadelphia 38 1/2; Boston 39c.

Cheese markets firmer and prices higher following recent advances at country points. Storing still taking place although on conservative scale. Movement into storage in producing sections active. No export business of any consequence Wisconsin primary markets prices average; twins 15c; daisies 15 1/2c; double daisies 15c; young Americas 16 1/2c; longhorns, 16 1/2.

Livestock and Meats—Prices on practically all classes of live stock trended upward the past week. Fat lambs and veal calves led the advance with respective gains of \$75c-\$1.15 and 75c-\$1.25 net higher per 100 lbs. Fat ewes and yearlings 25c-75c higher. Beef steers advanced 10-15c. The advance on hogs ranged 15-60c per 100 lbs; light and medium weight gaining most. July 8 Chicago prices: hogs, top, \$9.80; bulk of sales \$8.75-9.75; medium and good beef steers \$7-8.65; Butcher cows and heifers \$4-8.25; feeder steers \$5.75-7.50; light and me-

dium weight veal calves \$8.25-10.75 fat lambs \$9-11.75; feeding lambs \$5.75-6.75; yearlings \$6-8.75; fat ewes \$3-5.25.

Stocker and feeder shipments from eleven important markets for the week ending July 1 were: cattle and calves 30,127; hogs 3,545, sheep 18,092. In eastern wholesale fresh markets lamb advanced \$4-6 per 100 lbs. Pork loins up \$2-3; 50c-1.25, higher on beef. Veal and mutton steady to \$1 higher. July 8 prices good grade meats; beef \$14-15; veal \$14-15; lamb \$24-27; mutton \$10-16; light pork loins 20-23; heavy loins \$16-19.

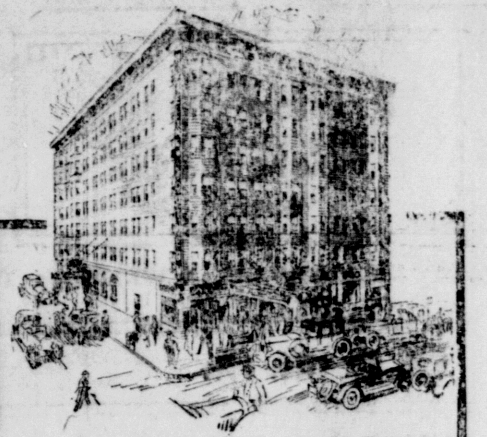

Cotton—Spot cotton advanced 44 points the past week closing at 11.07c per lb. New York July futures up 22 points at 11.95c.

### 3 Reasons For Country Churches Consolidating

Hartford, Conn., July 11.—Country churches of all denominations throughout the country have been forced to consolidate because of Shortage of ministers and students for the ministry.

Dwindling congregations. Corresponding shrinkage in contributions.

The Rev. Morris E. Alling, executive secretary of consolidating Federation of Churches, who is carrying on the work of consolidating the rural churches, told this to the United Press today. He declared religious opportunities for the smaller communities had so decreased that the consolidation plan had been found necessary.

### Amusements

#### "Heliotrope" at the Princess

The chief attraction at the Princess Theatre today and Tuesday is its name in one respect. It is called "Heliotrope," and one might from the title infer a sweet-scented light romance. Instead, the picture unfolds a vigorous, thrilling story of father-love and the sacrifice made by a regenerated convict to save the happiness of his daughter.

"Heliotrope Harry," so called because of his fondness for the scent of heliotrope, is serving a life sentence in a penitentiary. Learning from a pal that his daughter, who believes herself an orphan, is about to be married to a rich young man and that his unscrupulous wife is planning to blackmail the happy pair "Heliotrope" pleads for his release from prison to protect the girl. It is finally granted, on condition that no harm will befall his wife at his hands.

The ex-convict embarks upon a shrewd scheme of intimidation that soon has the adventuress shrinking with terror and at his mercy. Then, by a final heroic act, he forever eliminates the wicked woman from being a sinister menace to his daughter's happiness. How this is accomplished makes one of the greatest thrills ever shown on the screen.

#### "Bare Knuckles", Mystic

William Russell comes to the Mystic Theatre today and tomorrow in "Bare Knuckles", his latest vehicle made for William Fox—which is said to be a typical Fox entertainment.

The story is by A. Channing Edington, and taken from his novel "Brute McGuire". Mr. Russell has the part of "Brute", who bosses the hard rock construction men with his bare fists—a role well suited to the star's rugged personality.

Mary Thurman, a beautiful, Titian haired leading woman, who has been seen with Russell before, plays opposite him, and James Patrick Hogan, who believes in realism, directed the picture; so that Russell had a combination that is said to provide him with a stirring drama of the West with several new angles.

The scenes of "Bare Knuckles" are laid in the Sierra Mountains, and some of them were taken during a blizzard, with the result that Director Hogan has obtained some of the best mountain storm scenes ever filmed. The company spent four days in a raging blizzard and went through many hardships. But they obtained results that show realistically life in the Western construction camps.

#### Combined Shows to Exhibit

With Europe's biggest trained animal show as one of many splendid features, the Ringling Brothers and Barnum & Bailey Combined Shows will exhibit afternoon and night at Indianapolis Friday July 22. This marvel circus of 1921 offers

the greatest congress of attractions in history. Without eliminating any of the thousand thrills produced by hundreds of the most skillful men and women performers, the Ringling Brothers have added, without additional charge, the most sensational of wild beast displays. Not only will you see the artists who occupy the three rings, five stages, the great hippodrome track and the aerial rigging in the tent top, but four spacious steel arenas filled with wild beasts as well.

Tigers riding peacefully on the backs of elephants, black-maned African lions springing to and from galloping horses, great troupes of polar bears walking ropes or playing at see-saw, leopards jumping through hoops of fire—these are some of the marvelous things that these wonderful animals do. While these beautiful creatures are under absolute control, they are presented only in great arenas of steel. Elsewhere in the main tent you will see camels performing much after the fashion of horses—an act never before presented anywhere. There are five troupes of trained seals, whole beives of remarkable dogs, monkeys pigs and pigeons. Twenty-six elephants will perform at one time. Others will do tricks at the top of high pedestals and others circle the entire tent, kicking footballs as they go. Splendid groups of trained stallions, Shetlands and menage horses form another feature. Aside from the dumb actors are fully 600 men and women stars, and nearly 100 clowns. A gorgeous tournament opens the program. The menagerie, which is entirely separate from the animals used in the circus performance, is the biggest ever traveled.

The Small Package Evil

The student of economics must needs wander far afield if he would keep pace with causes and effects.

There have been numerous two-column solutions of the ever-growing problem of soaring living cost.

To date each has dissolved into thin air, as do most of our present day superficial solutions.

Strange to say much of the high living cost had its source in the misery and want of the city's slums.

"Gimme a nickel's worth of sugar".

Perhaps it was the milk of human kindness which first induced the groceryman to yield to the entreaty of the little pinched face, and sell the small amount.

At first he resented it. But he subconsciously made the small pur-

chaser pay for the time involved. Then he began to realize there was greater profit in the small unit.

That was the cue to the small package manufacturer, who has ironed out the objection of the grocer by packaging practically everything which was formerly sold in bulk in small units.

He incidentally adds enormously to the cost to the consumer in the process. Lulled to sleep by the aesthetic of the "sanitary" argument, the great bulk of the buying public stands for it. To a large class, perhaps, the increased cost means little or nothing.

But how about the 35,000,000 workers?

The "high cost of living" persists in every controversy, and will not down. Thirty of the thirty-five million workers are unorganized. They struggle on in silence.

And the small unit packing has created more and graver national problems. The enormous consumption of wood pulp for these millions of tons of waste has put the newspapers of the country at the mercy of a foreign country for their raw material.

It has added painfully to the cost of the daily paper, the children's school books, and cut down dangerously on the volume of wholesome reading.

It's time to get back to bulk buying, and common sense.

There are those in American business, we regret, to whom a tear or a smile mean just so much potential profit. Just as to the same gentry the grandeur of Niagara means only so many kilowatt hours at so much money.

People who crave smoke shouldn't object to it in the next.

People who jump at conclusions frequently grasp illusions.

Sap and Salt

#### ARLINGTON WINS GAME

Arlington won from the Homer team yesterday at Arlington by the score of 13 to 6, in a game that was said to be fast and interesting. This gives each team one game, as Homer defeated Arlington the Sunday before by the close count of 11 to 10.

## NEWCASTLE TEAM PROVES EASY PREY

Ball Players From "Rose City" Are No Match For Tail Lights Who Win Sunday, 19 to 1

#### LOCALS START IN SECOND

Hits and Series of Errors Bring in Five Runs—Sharp Knocks Home Run in The Third

The Newcastle baseball team, represented to be such a strong aggregation, proved to be a joke when the Tail Lights rolled up a 19 to 1 victory over them here Sunday afternoon, hitting two pitchers hard for 15 hits, while Neideffer allowed only four scattered ones.

Newcastle made their lone tally in the second inning which was accounted for by a two base hit, and an error in which the ball was thrown away, allowing the runner to score. After this blow-up the Tail Lights settled down, and no other runner made it home.

Rushville started their scoring in the last half of the second when five runs were chalked up. In this inning a series of errors allowed Smith and Shaw to get on base right at the start. Conway fanned. Bennett next up also struck out. Sharp singled to right, and Smith scored. Shaw came home on a passed ball. Neideffer was hit by the pitcher. Doll hit the ball into deep center field for three bases, scoring Sharp and Neideffer. Joyce took first base when the catcher failed to hold the ball on his third strike, and Doll scored on the passed ball.

Byrne, next up was given a base on balls, and Smith made the third out when he rolled out to short stop and was out at first.

Two more runs were added in the third inning when Shaw hit a two base drive and Sharp initiated the new high board fence with a home run to left field. The ball landed inside and bounced over the seven foot fence.

Newcastle never proved to be much of a scare from the second inning, and in most every case it was one, two, three with them. Rushville in the seventh inning batted around, starting with Neideffer and ending with him. This was the big inning when two base on balls, four singles and a three sacker brought in six runs, all of which were earned. Tennant started the game twirling for Newcastle but he was replaced in the sixth by Crawford. Neideffer pitched consistent ball, and in the sixth inning got out of a bad place when the first man up was hit by a pitched ball, and the next up was safe at first, but the first up was out at second. Cole, next up was safe, but the runner ahead of him was caught at second.

Haus singled and Cramer was given a base on balls, which filled the bases. Latham, next up had fanned twice before and Neideffer again worked on him, and succeeded in making him strike out for the third time.

Rushville goes to Shelbyville next Sunday and will meet the Nationals of that city in the first game of a series of three. On the Sunday following the teams play here.

## ALL PLAYERS SUBPOENAED

(By United Press)

Chicago, July 11.—Subpoenas were prepared today for every member of the White Sox and Cincinnati Red teams during the 1919 world series, to testify during the baseball scandal trial here.

The four umpires who worked in the 1919 world series and others connected with the games will also be summoned. The defense will attempt to show through the testimony of the other players that they believed the eight White Sox on trial on charges of throwing the games, played their best.

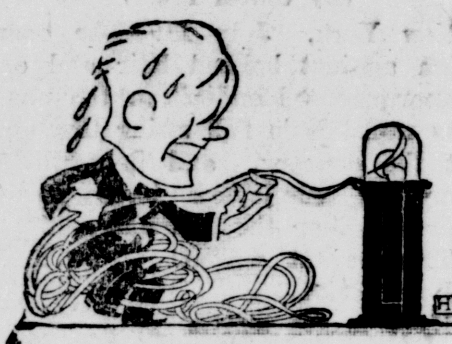

In case the subpoenas cannot be served on some of the men, Judge K. M. Landis, high commissioner of baseball, will be asked to order the players to appear.

As a large number of the players are still with the White Sox and the Red teams, some games may have to be postponed while the trial is in progress tying up the schedules of both leagues to some extent.

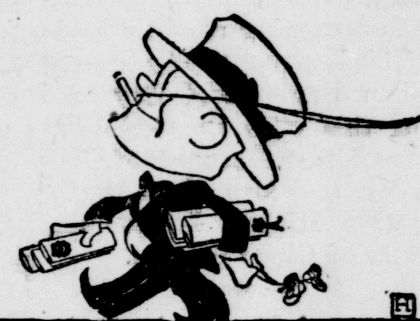

## THIS TIME LAST YEAR

\* Ruth hit his twenty-seventh homer of Elmhurst, Detroit, on the Polo grounds.  
\* With two on in the ninth Dauterive hit a homer and broke a tie score.  
\* Buffalo went into first place in the International League.  
\* After losing twelve straight, Rochester beat Syracuse.

## Lucky? Why, man, I'm the Human Horseshoe!

I CERTAINLY was born.  
UNDER A lucky star.  
FOR INSTANCE the time.  
I HOOKED my bonds.  
TO PLAY the market.  
ON A sure thing tip.  
AND BOUGHT Slippery Ellum.  
AT SEVENTY-TWO.  
FOR A healthy rise.  
AND FOR seven days.  
I HUGGED the ticker.  
AND COULDN'T sleep.  
ONCE IT jumped two points.  
AND I walked on air.  
AND THAT very day.  
I SAW a sign.  
IN A cigar stand.  
THAT SAID "Satisfy."  
IT GAVE me a hunch.  
TO BE satisfied.  
WITH WHAT I'd got.  
AND NOT hog the deal.  
SO I phoned my broker.  
TO SELL me out.  
AND THE very next day.  
SLIPPERY ELLUM slipped.  
TO FIFTY-FIVE.  
SO NOW I've gotten.  
BACK MY bonds.  
AND BABY'S got new shoes.  
AND NOW my regular smokes.  
ARE THE cigarettes.  
THAT "SATISFY."

WHENEVER you get that "Satisfy" hunch, play it. Steer straight for the nearest stand and invest in Chesterfields. This combination of fine Turkish tobaccos, blended with Burley and other Domestic leaf, will give you a new measure of cigarette enjoyment. You're in luck from that day on.

### Watching The Score Board

Yesterday's hero—Burleigh Grimes. The Brooklyn spitballer won his eighth game by beating the Pirates 7 to 3. After hitting in 23 straight games Bigbee went without one.

Bill Kilmer, Cub catcher let a wild throw go to third base and the Giants scored the run that beat the Cubs 2 to 1.

Guy Morton won his own game with a single in the fifth inning of the second game, the Indians beating the Athletics 1 to 0 after they had grabbed the first game 10 to 0.

Red Faber won his seventeenth game and his third of the season from the Yanks when the Sox trimmed the Hugmen 5 to 4.

Joe Judge hit two homers and a triple, Washington defeating the Browns 9 to 4. The Red Sox had Detroit 4 to 2 in the fourth when it rained.

## U. S. PEOPLE PAY HIGH FOR FOLLIES

Luxuries, Personal Finery, Recreation and Amusements Reap Enormous Yearly Amount

### GOVERNMENT GETS SHARE

People Pay Vast Sums in Luxury Taxes to Government For Their Numerous Follies

By RALPH COUCH  
(U. P. Staff Correspondent)

Washington, July 11—Approximately \$13,000,000,000 a year is now being spent on luxuries, recreation, movies and other amusements and personal finery, federal tax receipts show.

More than \$1,000,000,000 a year in taxes is now being received by the government as a result of purchases of foibles. This nearly one-quarter of the total ordinary receipts of the government.

Sporting goods, autos and motor cycles, amusement parks, fancy bathing suits, summer hats for women and panamas for father are now netting the government thousands daily. Cigarettes, cigars and candy bring in more thousands. Pennies that are paid with the purchase of soft drinks and soda water are helping to pay the annual interest charge of \$900,000,000 on the national debt.

Battleships are being built with the tax on motion pictures, sporting goods, face powder, cosmetics and other beautifiers.

Chewers of gum in the past twelve months have contributed more than \$1,000,000 in taxes to the federal

treasury. Tennis rackets and sporting goods paid nearly \$4,000,000. Summer furs alone cost approximately \$5,000,000 and netted the government the tidy little sum of \$500,000 in tax money, the report shows.

Toilet soaps and powders brought more than \$2,000,000 in taxes into the government coffers in the fiscal year just ended, indicating total purchases of these articles of about \$20,000,000.

Smokers in the past year paid the government in excess of \$232,000,000 in taxes over and above the actual cost of tobacco and cigars to the dealers.

More than \$23,000,000 poured into the government pocket book from taxes on engagement diamonds and other jewelry indicating total purchase of taxable jewelry of something like ten times the tax collected.

### REDS BUY A PITCHER

Cincinnati, Ohio, July 11.—In a desperate effort to strengthen the club, the Red management today closed a deal with Seattle for Robert Geary, a 30 year old pitcher whose home is in Cincinnati. Seattle gets Linn Prenton, bought from that club last year for \$15,000, Charles See, bought two years ago from Rochester for \$15,000, one other player and \$10,000 cash for Geary, who is to report to the Reds at once. Geary was with Connie Mack in 1917 and part of 1918.

### SUFFERS BROKEN HIP

Mrs. Sarah E. Kinnear sustained a broken left hip Saturday afternoon, when she fell at the home of her son, Irwin Kinnear, 511 North Sexton street, and her condition is said to be serious. Mrs. Kinnear is 79 years of age, and the injury caused her much pain, and because of her advanced age, the bone could not be reset, and may prove a permanent injury.

Mr. and Mrs. Homer Cole had as their dinner guests yesterday Mrs. Hugh Martin of Cincinnati, Ohio, Miss Esther Cole of Washington, Pa. and Guernsey Cole of Pittsburg, Pa.

The Young People's Mission Circle of the Glenwood Christian church will meet tomorrow evening at the home of M. A. Kendall in Glenwood about eight o'clock. An invitation is extended to all young people of the church.

Mr. and Mrs. Will Groves entertained yesterday at their home north of Falmouth with a pitch-in dinner. Eighty-two relatives and friends were present, including guests from Indianapolis, Richmond, Lewisville and Rushville. Mr. and Mrs. E. W. Caldwell of this city and Mr. and Mrs. W. S. Saxon were visitors in the afternoon.

Mr. and Mrs. Randall Beck entertained with a prettily appointed dinner party last evening at their home in West Third street. The guests were William Dagler and Raymond Benning of this city, Clayton Dagler and Miss Lillian Keschph of Indianapolis, Mr. and Mrs. Fred Dagler and daughters Mildred Issalo and Mary Estella of Gings Station.

The twenty-third annual reunion of the Rush-Fayette County Association will be held at Brookside Park, Indianapolis, next Sunday, July 17. This will be an all day meeting with a basket dinner at noon. An interest-

ing program of music and addresses has been arranged. These reunions have always proven most delightful affairs and the members are cordially invited to attend and participate in the pleasures they afford. All Rush-Fayette friends are invited.

Mrs. H. Lee Wilson was delightfully surprised last evening at her home east of the city when a number of her friends and neighbors honored her sixty-fourth birthday with a bountiful pitch-in supper. The evening was enjoyed with an informal social party. The guests were Mr. and Mrs. Morton Gray, Mr. and Mrs. Alva Bitner and children, Mr. and Mrs. Frank Reeves, Mr. and Mrs. Charles Carney and son, Mr. and Mrs. George Smith and son and Mr. and Mrs. Herschel Schmall.

Mr. and Mrs. Emory A. Vandeventer entertained last evening at their home south of Falmouth with a prettily appointed six o'clock dinner party, honoring their daughter Miss Elsie, whose coming marriage to Merle Pierson was announced. The marriage was announced on the dainty place cards and will take place July 20. The centerpiece for the table was a pretty bouquet of flowers and covers were laid for the following guests, Floyd Leakey and Miss Mildren Ammerman of New Lisbon, Ind., Mr. and Mrs. Gover Wheeler of Raleigh, Mr. and Mrs. Curtis Scholl and daughter Phyllis June, Miss Velma McClure, Rex Eubank and Miss Elsie Heeb.

## BEDROOM FARCE LIKELY TO ENJOY A NEW VOGUE

New York, July 11—The bedroom farce, the popularity of which has been waning, is expected to enjoy a new vogue soon.

Advices were received from Paris today that night gowns for the first time in history are to be short.

Women have tried pajamas, billi-burkes, and various other nocturnal innovations, but never before have they dared to dream of a night gown which did not reach to the ankles.

The new styles however extend only slightly below the knees. The general effect is said to be almost as daring as the present street attire.

## "Autos Please Turn Out; We Can't," Says Car Sign

Vincennes, Ind., July 11—"Safety First," "What's the Hurry," "Autos please turn out; we can't." These are the signs carried by Vincennes street cars to ask autoists to keep out of the tracks.

Most of the street car smash-ups have been due to cars running into automobiles and vice versa, according to the police.

In a number of cases, cars have left the tracks and run upon lawns. Fortunately no fatalities have resulted from these accidents.

## NOT THE ONLY ONE

There Are Other Rushville People Similarly Situated

Can there be any stronger proof offered than the evidence of Rushville residents? After you have read the following, quietly answer the question.

A. M. Younger, retired farmer, 825 W. 10th St., Rushville, says: "I have used Doan's Kidney Pills off and on for about ten years and they have done me good. When a man gets as old as I, he is bound to have more or less trouble with the kidneys. At times my back gets weak and lame. There is a dull aching through the small part, too. Then the kidney secretions are too frequent, causing me to get up at night.

Every time I have been this way I have used a box of Doan's Kidney Pills from Johnson & Co., Drug store and they have never failed to relieve me in a short time."

The above statement was given on August 26, 1915 and on November 5, 1920, Mr. Younger added: "I still think Doan's Kidney Pills are the best medicine made for kidney trouble. I use Doan's occasionally and get satisfactory results."

Price 60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Advertisement

## Crazy Styles Made A Target

Campaign is on Against Bobbed Hair "Extemporaneous" Blondes, Low Necks, Knee Length Skirts and Rolled Stockings.

(By United Press)

New York, July 11.—The campaign against bobbed hair and extemporaneous blondes in the business world is in full swing throughout the country, and in addition, many big employers have issued ukases against the following:

- Transparent waists.
- Low necks.
- Knee length skirts.
- Rolled down stockings.
- Drug store complexion.

This was revealed here today by Mrs. Alice Leary who, as head of the Leary Employment Agency, annually passes on the fitness of thousands of girls for office work.

"There are dozens of office managers right here in New York, who when a girl applies for a position, preface the usual catechism by asking her to remove her hat," Mrs. Leary said.

"If her compliance discloses bobbed hair or peroxidized tresses, her chance for a job are gone.

"Girls with vamp costumes furnish the same objections as those with a crazy head dress. With a girl sitting around in a transparent waist or an extremely low neck, or knee length skirts or rolled down stockings—or a combination of any of them—the men employees couldn't keep their minds or eyes on their work."

## Bald Heads Look Less Like Business Than Bobbed Hair

Hartford, Conn., July 11—A bald headed man looks less business like than a bobbed haired girl—and most times he has less sense.

This was the answer today of Miss Mabel Johnson, 18, bobbed and blonde to J. K. Daniels, slightly bald brunette head of the employment division of the Aetna Insurance Company.

Miss Johnson was refused a position with the company chiefly because she has bobbed blonde hair—that straight flaxen kind which Daniels said was a sign of "light headedness."

He has put into force a policy of not hiring peroxidized blondes and bobbed haired girls.

"Bald headed men ought to be waiters in a restaurant," Miss Johnson told the United Press. "Every time I see one of those shiny domes with a mock dignified little fellow underneath it, I want to tip him a dime.

"I don't think I have any less sense now than I did before my hair was cut.

"There's always a big rumpus like this when women try to get away from uncomfortable conventional styles for healthful informality and ease."

## I. & C. ROUTE CHANGES

Beginning Sunday, the route of I. & C. cars in Indianapolis was changed. The new route will be from the Terminal building to Capitol avenue, south to Maryland, east to Virginia avenue. The present route is as follows: From the Terminal building to Market street, Capitol avenue to Ohio, Ohio to Delaware, Virginia Ave. to Prospect.

## AUNT IS DEAD

Mrs. Mike Scanlan, 610 North Jackson street, received word last night of the death of Mrs. William Hill, her aunt, who died yesterday at her home near Hamilton. The funeral services will be held Tuesday, and the local relatives were expecting to attend.

## Pity the Girls of Today if Blue Laws of 1634 Would be Enforced

Seventeenth Century Maiden Faced Jail if She Wore Lace, Ruffles, Beaver Hats, Short Sleeves and Other "Mild Things." Indiana Blue Laws Today Are Comparatively Nothing With Modern Priscilla of This Country.

(By United Press)

Indianapolis, Ind., July 11—Girls, it's a good thing that most of you did not live in the seventeenth century. If you had you would be subject to the following blue laws, under the acts promulgated by the general court of Massachusetts in 1634. You could not wear:

- Lace
- Beaver Hats
- Belts
- Silk hoods or scarfs
- Hat bands
- Silk ribbons
- Curls
- Gold or silver girdles

## SECOND HUSSARS TO DISBAND SOON

Famous French Regiment Will be Dissolved by August First, It is Announced

HAD CELEBRATED CAREER

(By United Press)

Paris, July 11—One of the most picturesque regiments of the French Army, the Second Hussars, has just had its disbandment ordered by the war ministry. It must, according to the order, be absolutely dissolved by August 1.

The regiment was first known as Chamborant Hussars, named for its commander in 1761, the Marquis of Chamborant. In those days the troopers wore fine high shakoes like the West Point cadets, great furry affairs floating from their shoulders, and chestnut brown dolmans. Garbed in that operative regalia, they fought through all the wars of the Revolution and those of Napoleon. One of their exploits was to relieve the Dutch fleet which had been icebound at Texel.

The Second also fought under the

third Napoleon at Solferino, and at Mars-la-Tour against the Germans in 1871. And it served all through the great war—in simple horizon blue, instead of in the gaudy regalia of former days. Before Ailly-sur-Noye in 1918 the Second left 75 per cent of its effectives on the field of battle.

The French press and public is practically unanimous in declaring

that with the passing of the Second Hussars, quite a little of the martial glory of France will pass away as well.

New York—Jacob Tizon's dog hates cats. He shook the life out of four of them and then started on a policeman's leg. It was too tough—jail for Tizon and the dog.

## The Advertisements are more than type and talk

The reason that the world is so much more comfortable and convenient a place nowadays, is because advertising has made it possible for merchants and manufacturers to tell you what they have to offer, without waiting for the news to spread by word of mouth.

The advertiser has been able to tell many people at once about his goods. In this way he can sell a great many more articles in a given time and therefore more cheaply. Because of advertising it has been possible to invent, develop and market countless articles of comfort that you now think of as necessities, which some years ago even the wealthy could not have bought. It would not have paid to make a few to order.

The advertisements are something more than type and talk. They are a daily service your paper furnishes you in addition to other important news of the world.

## CANADA WELCOMES THOSE U. S. EXCLUDES

Country's Farm Areas Need Settlers to Grow Food to Feed Its Growing Cities

CAN GET PICK OF EUROPE

(By United Press)

Montreal, July 11.—"To Canada the United States Immigration Restriction Act must come as a blessing," said Col. J. S. Dennis of the Canadian Pacific Railway, who is a recognized authority on immigration and colonization.

"Canada today is in much the same position that the United States was in the beginning of the 19th century. Its great farm areas need settlers to grow food to feed its growing cities and to provide traffic for the railways.

"Now, on account of restriction in the United States, much of the immigration that was headed to the United States will be diverted to Canada—a type of immigrant that has rarely been available to it before.

"Today Canada can get the pick of Europe. There are people wishing to come to the new world who wouldn't dream of coming if Europe were in a settled state. They are the kind Canada can choose carefully and place on its empty farm lands with a maximum of confidence that they will make good."

## TO LET CONTRACTS FOR GRADING JULY 26

Highway Commission to Improve 2 Sections of Federal Aid Road For Grading and Structures

BIDS TO BE RECEIVED SOON

(By United Press)

Indianapolis, Ind., July 11.—The state highway commission on July 26 will let contracts on two sections of Federal aid road projects for grading and structures, Lawrence Lyons, director, announced today.

One of these is on the National road between Manhattan and Mt. Meridian in Putnam county and is approximately 11-miles long. The other is on the French Lick road No. 4, is for about the same distance and is in Warrick county between Booneville and Pigeon Creek. Acting chief engineer C. Gray says both improvements are heavy in excavation and on the National road project there is considerable concrete structures to go up but none of which are above a 20-foot span. Mr. Lyons says the bids for the bridges on these projects will be received just as soon as specifications can be prepared.

One of the first construction projects on which the commission will receive bids, date of which is to be determined, is for three-quarters of a mile of hard-surface highway in the town of Ligonier. This is a state aid road and will be 24-feet wide. Bids will call for its construction either of brick, bituminous concrete or concrete. When this stretch is completed it will close the last gap in the Lincoln Highway between Fort Wayne and South Bend a stretch of 40 miles of hard surface road.

New York—Robert Baldonette six feet, took a punch at Johnny Ruff, five feet six in the subway. He didn't know Johnny was boxing instructor at Police headquarters. He does now.

## GOITER GONE

## MANY OLD TIMERS LEAVING THE ARMY

Older Men Are Asking For Discharge From Ft. Harrison and Making Room For "Rookies"

IS ESTIMATED AT ONE HALF

(By United Press)

Fort Harrison, Ind., July 11.—The "leathernecks" are leaving the army. More than half the enlisted men of this post have applied for discharge under provision of the army appropriation bill, Major A. G. Tipton, corps adjutant, declared in an interview here today.

"It is not the 'rookies' who just enlisted in the service who are applying for discharge," Tipton said. "It is the men who have had fifteen to twenty years service, who have become tired of the army because of the condition it is now in.

"The older men do not want to stay in the service with all the 'kids' as they are called, who are stirring up unrest simply because they are not used to the army life.

"We will not start discharging until the latter part of the month, when we will have applications from the entire corps, which is comprised of the states of Indiana, Ohio, Kentucky, and West Virginia. As soon as we have all the applications we can investigate and start discharging."

One hundred and ninety-six of the 357 men stationed here have applied for discharge until the act calling an army of 150,000 men, Tipton said. The personnel is much lower than the pre-war strength of this post.

The fifth corps now has approximately 10,000 men. They are scattered throughout the corps area.

"We have only enough men at this fort now to keep up police and routine work," Major Tipton said.

## OUTLINES AFFAIRS FOR THE FAR EAST

Secretary Hughes Declares in Note to China That U. S. Has Attitude on Pacific Commerce

NOTE ANSWERS AN INQUIRY

(By United Press)

Washington, July 11.—Foreign governments had an outline of America's position on questions affecting affairs in the far east.

Secretary of State Hughes has declared in a note handed the Chinese minister that his government continues its whole hearted support of the people of the open door which it regards as essential to the "free and peaceful development" of commerce on the Pacific.

The immediate occasion for the note was an inquiry as to whether the United States intends to continue its support of rights accruing to the federal telegraph company under a contract with the Chinese government. Protests from Denmark, Great Britain and Japan have been made against the contract.

Secretary Hughes' reply was looked upon as of wider significance than a mere assurance that this government would support the contract with the telegraph company.

It is regarded as an intimation at least that the United States does not look with favor on the Anglo-Japanese alliance.

## BRIGHT SPOTS IN NEWS

Erie, Pa.—Mike Strike was arrested on a warrant charging him with striking his wife, Mary Strike. Mike gets a hearing next week.

Erie, Pa.—Women may have the privilege of voting, Alderman Hays told Mrs. Antonia Rutkowski, but they have not yet secured the privilege of beating up their husbands. Rutkowski's head showed several bumps from a broom handle.

Evanston, Ill.—A. H. Brown moved into a new house but made a mistake as soon as he entered. He assaulted the business agent of a flock of bees. They all attacked Brown. He's doing nicely.

Chicago.—Mrs. Mary G. Wetherall spent her honeymoon in the park and was bitten by mosquitoes she told the judge. Yes, she got the divorce.

St. Paul, Minn.—Said Judge Page Morris, U. S. district court, in finding a foreigner \$100 for violation of the prohibition laws: "If we Americans have to give up fire-crackers on the Fourth of July, you foreigners will have to give up fire water on Christmas."

## FARMERS PREPARE FOR A WOOL POOL

Illinois Pooled One Million and a Half Pounds of Wool in The State Last Year

ORDERS FOR SACKS INCREASED

(By United Press)

Illinois is One of the Ten States That Are Organizing Wool Pools For 1921

Springfield, Ill., July 11.—Illinois farmers are preparing for a huge wool pool this year, according to officials of the state agricultural association, who had charge of the pool last year.

One million and a half pounds of wool were pooled in the state last year. H. W. Mumford, director of the live stock marketing bureau of the Illinois Agricultural Association, declares that future state wide co-operation in the marketing of wool was assured by the way farmers held together last year despite one of the fastest falling markets in many years.

Growers who pooled their wool in 1920 received from two to fifteen cents more a pound than farmers who disposed individually of their wool, according to the reports of farm bureau advisors. While unorganized farmers were selling their wool for from ten to sixteen cents a pound, the state pool was holding two-thirds of its stock for prices of from twenty-five to thirty-two cents a pound.

Orders for sacks so far this year are already far ahead of the total orders of last year, and two cars of wool have been received in Chicago from Hancock and LaSalle counties.

Illinois, although standing tenth in wool production, is one of the ten states that are organizing wool pools for 1921. These state pools are the forerunners of a national pool that will insure a better price for all wool growers in the United States, according to farm bureau officials.

One hundred thousand pounds of the wool pooled in Illinois was sent to spinning-mills last January for farmers who had ordered blankets, suits, overcoats and auto robes to be made of a portion of their sheep's wool.

## TAR AND FEATHER PARTY

Waco, Tex., July 11.—Three prominent men charged with "white-capping and carrying concealed weapons," were on bond today following the tar and feather party at which K. Cummins, white man, was the victim. Four masked men in an automobile seized Cummins. Several detectives and motor cycle policemen followed the party and arrested three of the men. Cummins had been tarred and feathered.

# GRAFT SCANDAL GOES BEFORE GRAND JURY

Investigation at Springfield Result of Feud Between Gov. Small and Attorney General

## RECORDS TO BE EXAMINED

Springfield, Ill., July 11.—Illinois' \$10,000,000 graft scandal was placed before the Sagamon county grand jury today.

In the grand jury room of the old court house, where Abe Lincoln practiced law, evidence intended to show manipulation of huge sums of state funds for private gain, was unfolded under the direction of state's Attorney Fred Mortimer.

The investigation resulting from bitter political feud between Governor Len Small and Attorney General Edward Brundage, was designed to strike at some of the highest officials in the state government. Employees of the state treasurer's office were busy early in the day, carrying huge bundles of records and books showing the use of state funds over the last six years, to the grand jury room.

Their chief, Edward Miller, state treasurer, was the first witness called to testify before the grand jury.

Although Miller was nominated and elected while running on the same political factions ticket as governor, Small, the disclosures of the treasurer are said to have brought about the investigation. Small was treasurer for two terms.

A safety deposit box which has been guarded night and day at a local bank, was taken to the grand jury room. Best information was that the box contains evidence showing Chicago packers were loaned \$19,000,000 by the state. Only two percent interest was said to have been obtained on the loan.

In this connection, prominent bankers of Kankakee, the home town of Governor Small, have been summoned to tell what they know of the transaction. These bankers were reported to have acted as intermediaries in obtaining the loan.

# CROSSING ACCIDENT FATAL

Woman Killed and Family Seriously Hurt When Interurban Hits Car

(By United Press)

Frankfort, Ind., July 11.—Mrs. Melvin Deckerson of Thornton, was killed instantly, her husband probably fatally hurt and their four children seriously injured when their automobile was struck by a T. H. I. & E. limited car today at Pike's Crossing nine miles south of here. The automobile was carried for more than a block. The occupants of the machine were picked up along the track.

# BIGGER PROBLEM INVOLVED IN CASE

Mrs. Ethel Montgomery Enters Battle to Win Back Heart of Her Daughter as Well as Custody

## ESTRANGED BY HER FATHER

(By United Press)

Princeton, Ind., July 11.—Mrs. Ethel Montgomery, mother of fourteen-year-old Mary Louise Montgomery, custody of whom she obtained nine years ago in a court decree, went into the Gibson county circuit court here today not so much concerned with the problem of winning possession of Mary Louise as winning back the heart of her daughter. That is her problem.

T. Wilbur Montgomery, father of the child, who is believed on his way here from Florida, and his parents, wealthy residents of Posey county, said the daughter does not wish to return to its mother.

The mother contended that her daughter has been poisoned against her, but thinks she can overcome this by time.

The father and relatives, the defense in the case, are to make the fight on two points, that the child does not wish to return to her mother and that the mother is not able to properly care for the child. Attorneys for the mother says these allegations will be swept aside.

# SPENDTHRIFT CAUSES BOLSHEVISM IN U. S.

Thrift is Greatest Cure in Country For Unrest That Hits Many Places on Different Times

## CAREFUL SAVING IS A CURE

Indianapolis, Ind., July 11.—Thrift is the greatest cure in the world for bolshevism, S. W. Strauss, president of the American Society for Thrift, said in an interview.

"It's through the medium of the Spendthrift that the unrest and bolshevism is created. Ownership of a home, a farm, a business, and the careful saving and proper investment of money, are a few of the manifestations which will keep down bolshevism.

There is a human impulse as immutable as ethel aw of gravity which has ever driven mankind forward toward the better and higher standards of living. Humanity today is groping toward those better standards.

"To some extent it is groping in the dark, but the grave unrest that is felt around the world is a manifestation of these natural and laudable impulses," Strauss said.

"Some of these manifestations are malignant and dangerous. Bolshevism has submerged Russia with its foul practices and unspeakable teachings. Its poison is spreading throughout the world and even in our own land so far away from the vortex of these sinister influences, we are confronted with these dangerous influences.

"Thrift is the greatest way to overcome these evils, and they are being overcome in this country because the American people are thrifty."

## NO IMPROVEMENT SHOWN

Mrs. Irma Mitchell who has been seriously ill at her home east of the city, shows no improvement.

BERLIN—The German Home Minister has declared that it is contrary to the National Constitution of Germany for any state to make special restrictions on the employment of married women as teachers. Every state will now be obliged to repeal legislation which compelled the retirement of woman teachers on marriage.

# TAKE BEEF SURVEY IN RUSH AND HENRY

Experts From Farm Management Department of Purdue University Gather Statistics

## OFFICES AT NEWCASTLE

A survey commission from Purdue university has started work in Henderson and Rush counties, with Newcastle as headquarters, taking a survey of the beef cattle feeding industry. Mildred Overton, first assistant in the farm management department of Purdue university, arrived in Newcastle Monday to aid the four Purdue men now there, in the survey of Rush and Henry counties.

The survey being conducted is an extensive one and it is planned to visit every farmer in the two counties who is feeding beef cattle. The investigation will ascertain several facts concerning the feeding and expense. Similar surveys have been made over the state before, but this is said to be the first time it has been taken in this county.

R. D. Jennings is in charge of the party that has arrived on the scene to begin the survey. He is assisted by A. P. Bodell, R. H. Bawbell and E. W. McComas, all of the farm management department at Purdue.

# ARMY OFFICIALS TO CONDUCT AN INQUIRY

Hurry to Moundville, W. Va., to Investigate Airplane Accident Causing Death of 5 Persons

## PLANE DIVES INTO MACHINES

(By United Press)

Moundville, W. Va., July 11.—Army officials from Washington and Dayton, Ohio, flying fields were enroute here today to conduct an official investigation into the airplane accident yesterday which took a toll of five lives, injured more than a score and destroyed 16 automobiles.

The accident occurred when a giant Martin bombing plane taking off from the local field, plunged into a line of automobiles. One of the gasoline tanks of the bomber exploded, spreading fire over the cars. Their gasoline tanks began exploding. Most of the dead and injured were seated in the burning machines.

Lieutenant M. C. McAvoy and Lieutenant E. H. Bunton in charge of the plane were in the airplane. They escaped with slight hurts.

Rescue work among the frantic spectators was hampered by the exploding gasoline and the fire.

# "HELP-A-HERO" FUND FOR ALVIN C. YORK

Walter A. Thomas Seeks to Raise \$12,500 to Prevent Foreclosing of Mortgage of York's Home

## YORK'S ATTITUDE RECALLED

Evansville Ind., July 11.—A national "Help-a-Hero" fund was started here today by Walter A. Thomas, conductor of the Chicago and Eastern Illinois railroad to prevent the foreclosures of a \$12,500 mortgage on the farm of Alvin C. York, "greatest hero of the world war".

He sent five dollars to the office of the Evansville Press and urged that others send money to the newspaper for the same purpose.

"I admire the stand York has taken in refusing offers to go on the stage," said Thomas, "I admire him for refusing to commercialize his patriotism.

"The attitude of York has been splendid. He hated war. He was a conscientious objector. He took it to the lord in prayer and decided that it was best to go. And he made the best soldier in the allied armies. I'll say it modestly when man, single handed kills 25 Germans, puts out of commission 35 machine guns and captured 132 prisoners and then calls it "an act of providence".

## MASONIC MEETING

Phoenix Lodge No. 62 F. & A. M. will hold their regular stated meeting Tuesday evening at 7:30.

# POISONING CHARGE WITHDRAWN TODAY

Testimony to Show Mrs. Kaber Administered Arsenic to Husband Must Stand, Judge Rules

## STATE RESTS IN MURDER CASE

(By United Press)

Cleveland, Ohio, July 11.—The charge that Dan Kaber, wealthy Lakewood publisher, was poisoned was withdrawn today at the request of the council for Mrs. Eva Katherine Kaber who is on trial for the murder of her husband.

The judge ruled, however, that the testimony intended to show that Mrs. Kaber administered arsenic must stand.

The state rested in the court room today and the trial was continued until next Tuesday when the witnesses for the defense will take the stand.

Mrs. Kaber trembled as E. W. Utterback, nurse for the murdered man, testified that the dying publisher gasped "a man with a cap did it". My wife ordered it done.

It was one of a few signs of emotions showed by Mrs. Kaber since she went on trial charged with the murder of her husband.

## NEGOTIATIONS TO BEGIN THURSDAY

Continued from Page One

that welcomed the truce between the British forces and the Sinn Feiners.

Citizens gathered excitedly on the corners. Shortly after 12 o'clock, when the armistice became effective a group of unarmed black and fans strolled from their barracks. In a few moments they were fraternizing with the people, talking eagerly about the prospects of permanent peace.

The soldiers, long conspicuous figures in the streets, disappeared today in the places of the sentries with fixed bayonets peaceful looking policemen paced their beats.

Oscar Miller of Greensburg is visiting his brother, L. B. Miller, and wife of North Perkins street.

MONTREAL, Quebec—The direct service between Canada and the continent run by the Canada line, which was suspended owing to the war, will be resumed next month and sailings will be maintained regularly thereafter.

OTTAWA, Ontario—Exports from Canada per head of population jumped from \$40 in 1910 to \$179 in 1918, and down to \$132 in 1921, according to the monthly trade returns issued by the Department of Trade and Commerce. The 1921 figures are based on an estimated population of 9,233,000.

# Favorable Reply From All Powers Expected in Capital

Continued from Page One

back of the decision to call the conference is that by this step the administration has virtually begun the frame work of its promised association of nations to prevent war.

Hughes and Harding included in their call the questions in the Pacific. It has been pointed out that disarmament hinged on the events in the Pacific.

It has been made plain that American sentiment is opposed to the Anglo-Japan alliance. This question will be thrashed out in the conference and the result probably will be that this pact will be allowed to die.

The open door policy in China valiantly fought for by Hughes, must be definitely agreed upon at the conference. Other Pacific questions which might prove obstacles to disarmament such as Japan's mandate over Yap, also must be smoothed out.

Senator Borah author of the resolution for a naval disarmament conference between America, Great Britain and Japan refused to comment on Harding's call. His opposition to including any but the three leading naval powers in the conference has been well known however.

Following are the salient points of President Harding's statements that he would call a disarmament conference. The great powers, Great Britain, France, Italy and Japan which with the United States were known as "the principal allied and associated powers" are to be invited to the disarmament conference.

The conference is "to be held in Washington at a time to be mutually agreed upon."

The question of limitation of armaments has a close relation to Pacific and far eastern problems and the president has suggested that the powers should undertake in connection with this conference the consideration of all matters bearing upon their solution with a view to reaching a common understanding with a respect of principles and policies in the far east.

"This has been communicated to the powers concerned and China has also been invited to take part in the discussion relating to far eastern problems."

## MUNICIPAL POOL SUGGESTED HERE

Continued from Page One

more popular each season. However, last summer the attendance fell off considerably due to continuous rains during the warmest weeks of the swimming season.

Not only children but grown-ups, have learned to swim in the Shields park pool. A number of adults have taken advantage of the pool to learn to swim and are now able to take care of themselves in case of a close call where swimming is necessary. Attention has been called to several cases of children teaching their fathers and mothers to swim this season.

One of the foremost purposes of

the swimming pool was to afford the boys and girls of this city a place to swim in order to keep them away from the river which is very dangerous. The pool has served this purpose well as there has been only one drowning of a local boy in the river since the pool was constructed in July, 1915. No accidents of any nature have ever occurred at the park swimming pool and there are guards there at all times to look after the safety of the children. The water is changed three times each week in order that the pool can be cleaned and fresh water run in. If the popularity of the swimming pool continues to grow, it is possible that a movement will be started to make it larger or build another one to take care of the crowds before next summer.

## MARNE VETERANS TO MEET

Milwaukee, July 11.—Plans were completed today for the 3rd Marne Division Convention, to be in session here July 13, 14 and 15, at which more than 1200 former members of the division were expected to be present.

# THIS WOMAN HAD ALMOST GIVEN UP

Evansville Resident, After Suffering Fifteen Years, is Restored to Perfect Health

"If I talked from now to the end of my days I couldn't say half the good things I think Tanlac deserves," said Mrs. Louis McWilliams, 909 Fifth Ave., Evansville, Ind.

"It brought me perfect health after I had almost given up all hope. For fifteen years I had a bad form of stomach trouble, and I shudder now to think of the awful hours of agony I spent as the result of indigestion. Sometimes the attacks were so violent I would faint and fall to the floor. My back hurt me a good deal and my kidneys bothered me almost continually. My left side hurt me too, and at nights I hardly got any sleep at all.

"I certainly appreciate the blessings Tanlac has brought me. I eat anything I want now and everything agrees with me. I have gained twenty-five pounds too, and am back to my normal weight. To put my case in a few words, I am entirely well. I feel that there is nothing good enough for me to say about Tanlac."
